VOL. XXVI.

HOPKINSVILLE, KENTUCKY, THURSDAY, NOVEMBER 24, 1904.

NO. 93.

CONGRESS WILL CONVENE IN TEN DAYS.

rd Session Will Open On Monday, December 5. Important Bills Left Over Will be Taken Up.

Washington, Nov. 23.—The third session of the Fifty-eighth Congress opens one week from next Monday. Members of Congress are already leaving in Washington to attend fasting, and by the time the gavel of the presiding officers of the two houses fall a full attendance will be on hand. The calendars of both Senate and House have been prepared and show many important measures are pending that may be called up and passed. This business is left over from the session which closed on Friday, Nov. 19, when 2,280 bills, resolutions, etc., passed the House, leaving to be disposed of. The total number of laws enacted by the Congress up to date is 2,160, or about 700 more than the best record.

The first day of Congress, the President's message will be read and a government taken until the following day out of respect to deceased members. The real work of Congress will then begin.

Three Boxes.

The U. D. C. ladies on Tuesday prepared and shipped to the Confederate Home at Pewee Valley three boxes of donations intended for Thanksgiving. Among other articles are 13 country hams.

THANKSGIVING SERVICES AT TABERNACLE.

Union Meeting With Sermon By Dr. J. E. Fogartie. Business Houses Will Close During the Tabernacle Services.

For many years the various churches of Hopkinsville have united in a Thanksgiving service at the Tabernacle, the ministers alternating in preaching the sermon for the occasion. This course will be followed today and the Thanksgiving sermon will be preached by Dr. J. E. Fogartie, of the Ninth street Presbyterian church. The song service will be led by Rev. E. H. Bull and the choir of the First Presbyterian church, assisted by the best singers from all of the churches. The Tabernacle meeting will begin at 10:30 o'clock, and most of the business houses will be closed from that hour until one o'clock. Some of them will be closed all day and all of the banks will observe the National holiday.

The only Thanksgiving service besides the union service will be held by Grace Episcopal church, which has been beautifully decorated for the occasion. Rice used in the decorations was sent by Mr. James A. Radford from his rice plantation near Houston, Tex.

Mrs. J. O. Rust.

A Nashville paper says Mrs. J. O. Rust will return from Seattle next week to become President of Boscobel College, in that city.

TEACHERS' ASSOCIATION TOMORROW.

The Meeting Will Bring Some Prominent Men to City. Will Remain In Session For the Rest of the Week.

The State Teachers' Association of Kentucky will convene in this city tomorrow for the rest of the week. The program, which includes many interesting papers and addresses, has heretofore been published. The crowning feature will be the lecture by Dr. E. L. Powell, of Louisville, on Friday night, on "Citizenship."

Other prominent men among the educators will be: Prof. McHenry Rhodes, of Owensboro; Supt. Jas. H. Fuqua and others.

Prof. C. E. Dudley, of Pembroke, is the President of the body. All of the sessions will be at the Methodist Church and will be open to the public.

ONLY WITNESS

To Killing Was the Slayer of Carter.

The examining trial of Bud Word, the negro who shot and killed Tom Carter, also colored, on Mr. Marlow Johnson's farm last Friday, is set for tomorrow. Word claims the shooting was accidental. There were no other witnesses to the killing. Carter's father was at work in the field near by, but knew nothing of the affair until he heard the report of the pistol.

CLOSE CLIPPING.

Two Nominees Win By Very Small Margins.

The official count shows that J. W. Bridges was nominated by 2 votes for jailer in the Franklin county Democratic primary election instead of Mason B. Lucas, as first reported. The tabulation shows that Frank Johnson has won the nomination for Representative over Col. E. H. Taylor, Jr., by four votes.

DEATH CALLS TRIO.

Trigg County Loses Three Prominent Citizens.

Cadiz, Ky., Nov. 19.—Trigg county has lost three of its most prominent citizens this week. They are Mr. Riley Vinson, of Linton, aged seventy-seven years, death caused by paralysis; D. Mat Adams, aged forty-one, died of fever, four miles north of here, and Elijah P. Mason, fifty-six years old, who died of pneumonia at his home four miles east of town.

HOPKINSVILLE LYCEUM AND ALUMNAE CLUB

Steps Taken to Provide a First-Class Lecture Course. Six High Class Entertainments for Only \$1.50.

Mr. Herbert L. McPherson, secretary of the Board of Trustees of the Union Tabernacle, has about completed the formation of "The Hopkinsville Lyceum and Alumnae Club," for the purpose of bringing to the Tabernacle a course of six lectures. The managements of Bethel, South Kentucky College and the teachers of the Hopkinsville Public Schools, as well as the Alumnae Associations of all these institutions, will be included in the Club. The members will buy season tickets at the nominal price of \$1.50 for the entire course. It is hoped that enough season tickets may be sold to guarantee the course and put the club on a profitable basis from the start. The course will include two high class lectures, one Concert Company, one Glee Club with harpist, one cartoonist and one quartette with reader. Some of the best attractions on the road have open dates and the lectures will be high class entertainments.

Al Metz Dead.

The American of yesterday contained the following notice of the death of a former business man of this city: "A. A. Metz, a well-known and highly esteemed citizen, died Tuesday at his home, 929 South College street, aged 42 years. Mr. Metz was a native of Germany, and was a son of H. Metz, a prominent clothing merchant of this city. The deceased was formerly in business in Hopkinsville, Ky., but for the past seven years has resided in Nashville, having been connected with the Timothy Dry Goods Company. He had made many friends. He is survived by his wife and three children. The funeral will take place Thursday, with services at St. Patrick's Church."

Wedded Wednesday.

Mr. John H. Morgan, merchant at West Fork, and Miss Blanche Rivera, a very popular and highly accomplished young woman of the same neighborhood, were united in marriage yesterday. The event occurred at the home of Mr. Frank Kelly, of this county.

Croup Causes Death.

A little son of Mr. Eugene Brown died Tuesday of croup. He was about two years old. The body was interred at St. Charles, Hopkins county, yesterday.

Euchre Club.

Miss Mamie Massie will entertain the Euchre Club at Mrs. J. O. Cook's this afternoon.

WEST AND DAVIS ARE TIPPED AS WINNERS.

Democratic Committee to be Reorganized Monday Morning. Almost a New Deal, As Only Half a Dozen Members Were Re-Elected.

Elections were held in nearly all of the 29 precincts of the county Monday to choose county committeemen for the ensuing four years. The members chosen will assemble at the city court room next Monday at 10 o'clock for organization. Mr. James West, the present chairman of the committee, desires to be elected again and will probably win with ease, since the chairmanship was made an issue in the precinct elections and Mr. West's supporters will control the committee by a decisive majority. Mr. Lucian H. Davis, one of the new members, is a candidate for secretary, and his election is regarded as practically assured. The committeemen, as far as reported, are given below:

High Water Anniversary.

Today is the forty-third anniversary of the great freshet in Hopkinsville on Nov. 24, 1900, when the river overflowed its banks and covered the principal streets of the city. A part of the water wasted then would come in very handy now.

Sent a Box.

The Ladies' Aid Society of South Union Baptist church met Monday afternoon with Mrs. J. A. Kirtley, wife of the pastor, on Virginia street, and packed a missionary box to send to the Home Mission board in Texas. The box contained articles valued at about \$75.

YOUR SCAR MUST BE A GOOD ONE.

Health Officers Adopt New and Stringent Regulations. Smallpox Scare Has Caused All the Doctors To Get Busy.

Since Dr. J. N. McCormack was here Monday and stirred up the local authorities on the continued prevalence of smallpox in many parts of the county, the Fiscal Court and the City Council have both put into effect new and stringent regulations as follows:

1. All persons with smallpox must be taken to the eruptive hospitals four miles north of town. There will be no exceptions made to this rule.
2. Every person in the county not now immune will have to be vaccinated or submit to a fine that may be \$100 a day.
3. A reward of \$1 will be paid for information concerning each case of smallpox concealed from the health officers, not more than \$5 to be paid for any one family.
4. Public vehicles will be kept always ready to convey patients to the hospitals, separate accommodations being provided for white and colored people.
5. No persons will be allowed to remain in his own home with smallpox, under any sort of quarantine. All must alike go to the hospitals.
6. Dr. J. B. Jackson, the health officer, has had his salary increased from \$200 to \$600 a year and Dr. Austin Bell will, if needed, assist Dr. Jackson 15 days at \$10 a day.
7. All physicians of the county will be furnished with vaccine points and will be paid not more than 25 cents for each vaccination of those too poor to pay.
8. The Board of Health, composed of Dr. J. B. Jackson, Judge W. T. Fowler, County Attorney O. H. Anderson, Dr. F. P. Thomas and Dr. J. E. Barker, will meet twice a week and Dr. Austin Bell will be present representing the state board.

The County and City authorities are in earnest about the war to be made on the disease, which in some places threatens to become epidemic. The situation is growing no worse in the city. There are less than half a dozen convalescent cases in the city, all white people.

There have so far been five deaths from smallpox in the county, all negroes, two at Kennedy, one at Gracey, one in town and one at the poor farm hospital.

Wants a Divorce.

Olive M. Dodd has filed suit for divorce from Rolla R. Dodd. Plaintiff states that they were married in Christian county in 1900. She further says that about two years ago defendant left here and when she last heard from him he was in Chicago.

EXTERMINATING THE BIRDS

Italiana Roundabout New York City Slaughter Them Regardless of the Law.

Something will have to be done to prevent the indiscriminate killing of our birds in the country roundabout New York or in a few years the woods will be as silent and the insects as troublesome as they are in some of the old countries, says the Brooklyn Eagle. The principal offenders in this respect are our new visitors from Calabria and Sicily. All day long on Sunday and on holidays the bang of the shotgun sounds through the woods and among the pastures and robins, song sparrows, tanagers, warblers—all things with wings that can be converted into stews—tumble upon the grass, their songs ended.

These Italians care no more for laws concerning the closed season than they care for soap. The chief thing in life is to live it cheaply, save all that can be earned and return to Italy to spend the last years in the luxury of an income that in some cases must be nearly \$3 a week. In their own country they have almost exterminated the birds that fly by day, not all ways that they require them for food, but for the pleasure of killing, for these people are by heredity of centuries savage and cruel to a degree not to be understood by the northern races.

Their feuds and revenges and the crimes that occasion the enlargement of our American prisons on their account are further instances of the lightness with which they hold not merely animal, but human life. The remedy is to enforce the law. We have constables and game wardens, but in places like the villages along the sound they appear to do nothing to earn their incomes. Italians walk along the highways with guns and pistols in their hands and they never receive a warning. They hunt the birds as openly as other men go berrying and not a complaint or arrest is ever heard of.

There are a few rules of order, economy and consideration that ought to be read to these people before they are allowed to land, that they may not plead ignorance, and the abominable habit of going continually armed is one that, on general principles, ought to be discouraged. It is obvious that American sentiment is now known to these immigrants and that they can be taught only through the force of American law.

WAS NORTHERN CURIOSITY

Any Southern Gentleman Would Not Have Asked Such Questions.

When the train rolled into the station at Knoxville an old darky bore down upon it, balancing upon his finger tips a tray neatly covered with napkins, relates the Philadelphia North American.

"Got anything to eat, Rastus?" queried a passenger on the platform.

"Yes, sah, captain, anything you want," replied the darky, as he removed the napkins, exposing to view a variety of sandwiches with their crusts trimmed off, a large plate of fried chicken and some carefully selected apples and pears.

"Why, where did you get such fine fruit?"

"Up to Jones'. They have fine fruit in dere orchard."

"And who made these sandwiches?"

"Me old woman. She's a good cook."

"Where did you get that chicken?"

"Say, boss, yoh from de north—ain't yoh?"

"Why do you ask that?"

"Why, no southern gentleman would ask a pooh niggah whar he got his chickens from."

Now They Don't Speak.

Edyth—You had better look out for a proposal from Percy Featherbrain.

Thanksgiving Surprise.

The readers of the Kentuckian will probably be surprised to receive this paper Thursday instead of Friday. The Kentuckian will hereafter be published three times a week, at the old price of \$2, first charged for the weekly during the last 21 years for the semi-weekly. This step has been taken for two reasons. One is that the advertising patronage has become too heavy to be handled in two papers a week. The other and main reason is that we want to give the people of Christian county a paper every other day at a price so low that every reading family in the county can afford to take it. It will catch all of the railroad routes, the rural routes and the star routes on the mornings of publication and will try to make itself worthy of the support of all the people. It will be neatly printed upon new type and will be greatly improved typographically. The Tuesday and Thursday papers will be eight pages as heretofore. That of Saturday will be four or more pages, as circumstances may require. Its editorial policy will be sane, conservative and consistent. It will in future, as it has done for a quarter of a century, support the principles of the Democratic party, but will respect the opinions of others and be, above all things, a newspaper.

It is proper to add here that the subscription rates, since this change has been made, must of necessity be rigidly adhered to. All existing club rates with other papers have been discontinued and in future no subscriptions will be received at less than the rates appearing at the head of this column.

With a profound sense of thankfulness on this day of national thanksgiving for the generous favors of the past 25 years, we invite the patronage of every person within our territory who is willing to pay four cents a week for a first-class county paper every other day.

Wm. H. Ellis, the negro who accompanied Kent Loomis on his ill-starred trip to Abyssinia, to convey a treaty to King Menelik, has returned. Loomis was lost at sea in the British channel and the negro secured the treaty and proceeded on his journey without notifying anybody of Loomis' fate. He is now in Washington.

Lucas A. Teague, a young lawyer and Republican leader of Madisonville, has renounced the Republican party on account of its attitude on the race question and will affiliate with the Democratic party. He publishes a card to that effect.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. In cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We will give one hundred dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Mr. Clarence E. Woods, formerly a well known newspaper man, is a candidate for mayor of Richmond, Ky. If the editors of the state could elect him his contest would be a case of "Woods first and the rest nowhere." The Kentuckian hopes to be able to chronicle his success.

Mayor Harrison, of Chicago, has returned from his hunting trip and says he does not intend to take a trip around the world as published. He also said that no man had the power of attorney to say that he would not again be a candidate for Mayor of Chicago.

High School Courier.

The Henry Clay Society of the Hopkinsville Public High School issued this week the first number of The High School Courier, a monthly class paper of four pages, which is a most creditable publication. It is well edited, neatly printed and is filled with interesting news and bright witticisms. The editorial staff is as follows:

Editor Stanley Bassett, assistant editor, Frank Dabney, Jr.; business manager, Leslie Henderson; reporters of general news, Tom and Ira Smith; sporting news reporter, Jas. Breathitt, Jr.; debating society reporter, Paul Porter; "Wit-and-Humor" reporters, Archie Mason and Herschel Long; critic, Joe McGarrell.

It is published from the Kentuckian office on book paper and in a brain new dress.

Much Good Accomplished.

The meeting at Rich Christian Church, conducted by the Rev. Samuel Fowler, of Madisonville, closed Tuesday night. The series lasted about two weeks and resulted in much good. There were nine additions to the church membership. Rev. Fowler returned home yesterday.

Bridges-Jagoe.

Prof. D. W. Bridges, of Greenfield, Tenn., and Miss Nancy L. Jagoe, of Cadiz, were married at the bride's home yesterday morning at 10 o'clock in the presence of only a few invited guests, owing to the recent death of the bride's father, Mr. M. H. Jagoe. The bride is a niece of Mrs. Lucy Ellis, of this city.

OLD SCHEDULE

For Accommodation Train To Be Resumed.

The L. & N. accommodation, on next Monday, will resume her old time running from Nashville to this city and will arrive here at 8:45 p. m. instead of 7:50 p. m. The train will leave Nashville at the same hour as formerly, but will remain at Guthrie thirty minutes for passengers from Louisville. There will be no change in the leaving time here in the morning. This train departs at 6:30.

Mr. Ewing Explains.

Glenraven, Tenn., Nov. 23. As Chairman of the Executive Committee of the Dark Tobacco District Planters' Protective Association, and to what the original territory embraced, I have this to say:

"When the movement was started, about five counties in Tennessee and as many in Kentucky were all that we had in mind. We organized these solidly and without difficulty, getting far more than the 70 per cent required under our constitution. After this we consented to take in other counties, and have from time to time done this. I am told one buyer is attempting to make it appear that we have not the requisite seventy per cent. We have far more than seventy per cent, but of course this buyer, who thinks, or pretends to think, he knows more of our affairs than we, for his own purposes, would like to embrace the whole tobacco area of the U. S. and we have not the seventy per cent of that. However, I do not think he will deceive many people. His maneuvers are easily understood."

Tate-Tunks.

Miss Marguerite Tunks, the pretty daughter of Mr. and Mrs. John W. Tunks, was last evening united in marriage to Mr. Tolle E. Tate, a trusted employee of the Crescent Mills. The ceremony was pronounced by Rev. C. H. Nash, of the Baptist church, of which the bride is a member, at the family residence on West Seventh street at 8:30 o'clock. Following the wedding there was a reception which was attended by a large number of the friends of the young couple. A beautiful wedding dinner was served. The youthful bride is an only child and is possessed of unusual beauty of a brunette type. Mr. Tate recently came to this city from Greenville, Ky., and has impressed all who have met him with his excellent character and substantial worth. He is moral, upright and energetic and enjoys the fullest confidence of his employers. They will make their home with the bride's parents.

McGill-Slaton.

Dr. J. W. McGill, a brother of the Rev. H. C. McGill, of Howell, this county, and Miss Mary Slaton, of Sturgis, were married yesterday afternoon at the home of the bride. The ceremony was performed by the groom's brother, who went down to Sturgis Monday.

The bride is a daughter of Dr. J. B. Slaton, a prominent citizen of Union county.

Dr. McGill, who also resides at Sturgis, is a very popular young physician.

Both young people are prominent in society circles.

They left at once for a visit to the St. Louis fair.

NEWS NOTES.

From Away Down in South Christian.

Kennedy, Ky., Nov. 23. We have had one death from smallpox in Hinsley Town, which created quite a scare. Dr. Rolloff has vaccinated 420 persons. We have no more cases in this immediate vicinity.

What is not looking well. It is needing rain very much.

Tom J. Baynham and R. E. Howell have returned from a bird hunt near Bennettsville. Several gentlemen from Hopkinsville were with them. They bagged 250 birds and had a fine time.

The G. P. C. Club gave a dance near Kennedy a few nights ago. There was a large crowd in attendance. The young folks tripped the fantastic toe until the wee hours in the morning. We had a "Prince" present, which a certain young lady from Hopkinsville can testify to, as he was devoted to her, and I admire his judgment. I think he is a good judge of beauty.

Mr. T. A. Jones celebrated his 37th birthday by giving a nice supper to a few of his friends on the 15th inst. This was the 17th celebration that he has given. The 15th was the first day that the hunters could shoot birds, and he and some of his friends went hunting while his good wife prepared the feast, and I assure you she knows how to prepare a supper.

The table was loaded with everything that was good to eat, that any man could wish, which a gentleman from your town can testify to, from the quantity he ate. One gentleman from Kennedy was sick the next morning and he says Tom ate more than he did. Mrs. Jones is a most estimable lady and she deserves the credit for the nice supper and the most elegant manner in which the guests were entertained. She was assisted in receiving by Misses Lady Boone and Allene Smith, two beautiful young ladies. They vied with each other as to which could be most pleasant and make the guests have a pleasant time. Every person present expressed themselves as having a fine supper and a pleasant time.

Dr. Rolloff and his most estimable wife entertained a few of their friends a few nights ago. The writer not being present does not know what the menu consisted of. I know it was nice, as the Dr. and his wife know how to entertain their friends.

Tom Barker is very sad. His best girl will leave for Florida in a few weeks. Cheer up Tom, she will return when the flowers bloom. But Tom is making good use of the time until she leaves. He goes up the Bradshaw Road twice a week.

Poor Ben Williams has a very long face, as a "Baker" is here visiting a certain young lady in this neighborhood. Ben says he not only visits her but he goes and stays.

Ed Tandy says he believes in taking care of the widows. He wants a postoffice established at McKenize and a certain widow made postmistress.

Another World's Fair Fire.

St. Louis, Mo., Nov. 22. Fire in the New York buildings at the World's Fair grounds yesterday morning caused a panic among the occupants and came near suffocating several persons. The blaze started in the basement and it is supposed from spontaneous combustion or electric wires. The loss will not exceed a few hundred dollars.

Probably Gone For Good.

Wallace Kay, col., who had just begun his sentence of eighty-two and one-half days on the streets for vagrancy, escaped Tuesday and has not yet been heard from. Kay was sent in company with a teamster on a wagon on an errand. In passing his home he was permitted to go in to the house, and when search was made for him he could not be found. It is thought he has left the country.

Fined for Vagrancy.

Henry Leavell, col., was convicted of vagrancy Tuesday and fined \$10 and costs. He was put to work on the streets.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:
"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

F. E. KENAH.

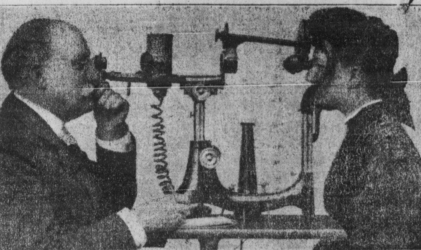

WOMEN should beware of counterfeit imitations of bottles to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.

You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Miss Florence Kenah.

The following letter gives one young woman's experience with Peruna:
Miss Rose Gerbing is a popular society woman of Crown Point, Ind., and she writes the following:

"Recently I took a long drive in the country, and being so thirty elated I caught a bad cold, which settled on my lungs, and I was unable to breathe."

Opthalmoscope and Retinoscope - Combined.

An up-to-date instrument for the diagnosis of the pathological condition of the interior of the eye without the use of a dark room or mydriatics to dilate the pupil. By its use all errors of refraction are detected and measured to an absolute certainty, without asking the patient any questions—thereby leaving the operator independent of the intelligence of the patient. (Great for children.) It is the latest and most wonderful production of optical science. By its use the retina (veins and arteries), is seen as clearly as the patient's face. This is a costly instrument, but as I have been always deeply interested, and made a specialty of examining and fitting of glasses to the eye. I have kept up to date with the latest methods of best results. I feel that the best is none too good for my patrons. They may rest assured that they will get the latest and best service obtainable anywhere—derived from long years of practical experience with up-to-date appliances and for the least money. Respectfully,

M. D. KELLY,

Never in the history of the millinery business have such bargains been offered the people, and they are all new goods bought within the past ten days--not an out-of-date hat among them. It only goes to show what a power for bargains there is in a **FACTORY CLEAN-UP**. With a manufacturer at this season of the year it isn't a question of price, it's only a question of cleaning up all his stock and you can make the price yourself. We made it low enough you may depend, and **AS WE BUY WE SELL**. Whatever you do, don't fail to visit our Millinery Department during this Great Factory Clean-Up Sale.

LADIES' SUITS AND CLOAKS

At Factory Clean-Up Prices.

When a cloak factory gets ready to "clean up" and quit for the season, what they have left can be bought for a mere song, so anxious are they to clean up and get on spring goods. Every lady knows that the styles in cloaks change several times in a season, and the last cloak a factory gets out is really the last and newest style for the season. So when we "cleaned up" this big New York cloak factory we got the very latest styles in cloaks and got them at a trifle over half price. The way we buy, so we sell. Note the prices:

\$13.00 For pick of large variety of finest hand-tailored cloaks, all shades and black, newest styles, medium and long, every one worth \$20.00.

LADIES' CLOAKS & SUITS AT FACTORY CLEAN-UP PRICES.

\$10.00 For choice of wide range styles in plain and fancy tailored cloaks, long and med. lengths, none of them worth less than \$15.00.

\$8.50 For extra long, hand-tailored cloaks, black, Castor and new shades in Brown, worth \$12.50.

Ladies' Suits.

\$17.50 For any Ladies Tailor Suit formerly sold for \$22.50.

\$15.00 For all Ladies Tailor Suits worth \$20.00.

\$11.00 For entire line Ladies Suits worth \$15.00.

\$10.00 For pick of all ladies suits, formerly sold at \$12.50.

A FACT ABOUT THE "BLUES"
What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered liver.

THIS IS A FACT
which may be demonstrated by trying a course of

Tutt's Pills
They control and regulate the liver. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

Constipation.
Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbin will speedily remedy matters. C. Linday, P. M. M. Bronson, E. A. writes Feb. 12, 1902: "Having tried Herbine, I find it a fine medicine for constipation." 50c bottle sold by R. C. Hardwick.

Cured Consumption.
Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said that he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For cough and colds it has no equal." 25c, 50c and \$1.00. Sold by R. C. Hardwick.

W. P. ALBRITTON DEAD.
Recently Nominated for Representative in Calloway County.
Murray, Ky., Nov. 18. W. P. Albritton, the Democratic nominee for representative, died at his home at Concord this evening after only a short illness. "Squire" Albritton, as he was commonly called, was about sixty years of age, a Confederate veteran, and had just been nominated in the recent primary and received nearly 1,000 majority over his opponent. He was a very popular and highly respected man. The funeral service will be held at Concord tomorrow. Many of the officers of the county, members of the bar and citizens will attend the funeral.

SUPERFLUITIES OF LIFE.
Many of the Minor Details of Dress That Are Not at All Necessary.

An English writer has been devoting his attention to the elimination of unnecessary things, and has succeeded in presenting a tentative list of articles which mankind does not need. Like many other propagandists of a new cult, he goes to extremes in certain instances, but, on the whole, makes out a pretty good case. He holds, to begin with, that the resident of a city does not require a watch. He goes so far as to say that an umbrella is not indispensable, and cites Lord Beaconsfield, who never carried an umbrella, as an illustrious example. "When it rained he took refuge under the umbrella of the prettiest woman he could see."

The silk hat is tabooed by this iconoclast. In his inventory of superfluous things we find the flap that covers the keyhole of the front door, which often sadly interferes with the entrance of the belated and perhaps bibulous householder. "It is redeemed from absolute futility by its power of occasional annoyance." He inquires as to the use of the tassel on the new umbrella. "Nobody in his senses wears a tassel on an umbrella."

Why are there two buttons, or even one, on the sleeve of a coat? The writer took a census of his buttons and found that 60 of them were unnecessary. He is particularly anxious as to the two buttons behind on a frock coat. Taking a survey of the whole human family, he finds that there are 800,000,000 buttons worn, all of them useless. No one has discovered the necessity of 14 or 16 pockets concealed in men's clothes. This is the limit of superfluity.

HISTORY OF LONDON STAGE
The English Capital Boasts of Many Handsomely Appointed Theaters.

The London stage of the present day is described in a new book by H. Burton Baker, "History of the London Stage and Its Famous Players, 1576-1902," as follows: "London can boast to-day of more handsomely appointed theaters than can any other capital in the world, not excepting Paris and New York. Though in certain arrangements in the auditorium for the comfort of the audience the latter may be in advance, in the staging of plays we are easily first. But the playhouse, after all, is only the husk; the play and the actor are the thing! It is disquieting, however, to every lover of the drama that each year more and more theaters are given up to variety shows and to more buffoonery. As long as the theater is simply a business speculation so long it must be conducted upon purely business lines, and its customers must be provided with what they want and not with what they ought to have. No, no national theater is possible in this country until it is purged of puritanism, and that desideratum is not likely to be realized until the Greek Kalends."

THE GREAT WALL OF CHINA
Ancient Barrier Is Really Two Walls with Rubble Filling Between.

The great wall of China is one of the wonders of the world, and was put up by the Emperor Olie Hwang To, who succeeded to the throne when only 13. Having settled affairs within his own empire, he scourged his enemies beyond his borders. Then to guard against further invasion he determined to erect a huge barrier all along the northern frontier of his territory. And that was the great wall. It extends from the Shanhai Pass, north of Peking, westward to the Chinese-Russian border. There is nothing else like it in the world. It measures 1,255 miles. It is 25 feet broad at the base and 15 at the summit and varies between 15 and 30 feet in height. The wall is really two walls, with a stone and rubble buffer between them. Thus the retaining walls, based on granite, are of brick. Between them is wedged the solid packing.

Invariably.
The man who tries to cash filthy- always finds it a forgery. Chicago Tribune.

THE PICK

Of the world is the American laborer, who wants nothing more than a fair wage for a fair day's work. His only trouble is when he cannot work every day and all day, and that is the trouble he experiences when he becomes run-down and debilitated. He loses flesh. He loses strength. He has also to lose time, because he cannot work as well as he used to do.

Dr. Pierce's Golden Medical Discovery gives new vigor and strength to worn-out, run-down men and women. It cures diseases of the stomach and other organs of digestion and nutrition, purifies the blood and puts the body on the sure footing of sound health.

"I was a total wreck--could not sleep or eat," writes Mr. J. O. Beers, of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors, but received very little benefit. I lost flesh and strength, was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in his cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

NATURE TELLS YOU

As Many a Hopkinsville Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action: Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Hopkinsville people testify to this.

James A. Teyman, brickmason, of 1360 S. Virginia St., says: Disorders of the kidneys brought on in my case so sharp and continual a succession of pains and aches throughout my back, that I could not rest comfortably at night and arose in the morning lame and sore. I was tired and worn out from morning to night. The kidney secretions were irregular, high-colored and scalding and deposited a heavy sediment it allowed to stand, I had no energy left and felt generally run down. I was feeling worse than usual when my attention was attracted by an advertisement of Doan's Kidney Pills and I got a box at Thomas & Trahern's drug store and began using them a few days I noticed that the secretions had assumed a natural appearance and the pain and aching had been greatly relieved and by the time I had completed the box there was a wonderful change in my condition. I am glad to state that I am practically cured and Doan's Pills will be my friends for life.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Jungfrau Railroad.

An electric railroad has been constructed up the Jungfrau, one of the most majestic of the Bernese Alps. The road is nine and one-half miles in length and is built through tunnel most of the way with a rise of 6,883 feet. A speed of five miles an hour is maintained, and to insure perfect safety there are three sets of brakes. One set is electrical and automatic, a second set is worked by hand, and a third emergency brake is constructed so as to grip the rail.

Best Liniment on Earth.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00. Sold by R. C. Hardwick.

Use of Thermite.

Thermite, formed by the union of finely pulverized aluminum with oxygen, as a recent railroad improvement, is being extensively used in Germany to melt the ends of the rails together. The Thermite is ignited, melted and then poured into the joints of the rails. The heat given forth softens the ends of the rails and they are easily welded together.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerve and bone and being absorbed into the blood, its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and \$1.00. Sold by R. C. Hardwick.

The Increase in the Navy.

Paul Morton, Secretary of the Navy, seems bent on the United States having the largest navy in the world. He says he intends to ask the next Congress for an appropriation for more war vessels.

TOBACCO AND BALDNESS.

Smooth Pates Charged to Use of the Weed Without Any Foundation.

A medical man is responsible for the theory that the smoking of tobacco tends to develop baldness. For some reason or other, says the London Globe, every mysterious disease is attributed, sooner or later, to tobacco. But there were brave men before Agamemnon, and there was disease before the days of Sir Walter Raleigh. Julius Caesar, who lighted neither churchwarden nor Havana, was wont to comb his thinning locks forward over his brow in order to cloak his baldness, and Eliza certainly could not have preserved his hair at the period when he was insulted by ribald boys. From earth's earliest ages there have surely been men walking under the everlasting garment with smooth and shiny heads, and we altogether protest, therefore, against the additional charge of baldness to the cumulative charges brought against tobacco.

It is one of the saddest evidences of mortality's inherent and incurable baseness that tobacco, which is certainly one of mankind's chiefest blessings, should be forced to bear out into the wilderness of medical theories nearly every sickness and evil which, so far, the sacred weed has been unable to remove.

SOLDIER AND SAILOR, TOO.

Son of Admiral Farragut Fought in Army and Navy Both in the Civil War.

Lieut. Loyal Farragut, one of the officers of the Military Order of the Loyal Legion, and a son of the naval hero, Admiral Farragut, has the double honor of having fought in the army and navy both in the civil war, and it is an interesting fact that he won his commission in the army through a challenge by his father when the latter's feet was in the Mississippi and about to pass up to Port Hudson, says the New York Times. Loyal, then a lad of about 12 years of age, had been importuning his father that he might be sent to West Point, when the old admiral replied:

"I don't know how that would do; I'm not so sure whether you could stand fire."

"Oh, yes, father, I could do that," said the boy.

"Very well, my boy, I'll try you. Come up with me here."

The old navy hero and his son went up together into the main-top, and there they both remained till Port Hudson was passed. The lad never flinched while the shot and shell flew thick and fast about him. Then the father said:

"Very well, my boy, that will do; you shall go to West Point."

And the boy was made a cadet and rose to be a lieutenant, after which he resigned.

Clever Needlewoman.

It would seem that the use of the hands would be a necessity to a seamstress, yet there is an expert in needlecraft living in Sag Harbor, L. I., who has no use of either hands or feet. She does the most exquisite work holding her needle in her mouth. When she wants to thread a needle she sticks it into the soft wood of her work table with her mouth, and then, biting off the cotton the right length, passes it through the eye with her lips with more quickness and dexterity than most nimble fingered women show. She can tie knots in her thread with her tongue and works quite rapidly. One of the specimens of her skill is a crazy quilt which contains over 300 different fancy stitches. She is also an artist of some skill in the use of brush and crayons.—N. Y. Herald.

Uncle Allen.

"The Lord loves a cheerful giver all right," remarked Uncle Allen Sparks; "but you can't make me believe the Lord hates a man for having courage enough to say no once in awhile when a dead beat tries to work him for another little loan."—Chicago Tribune.

Needed Time.

Chippy—What did your wife say to you when you got home late the other night?

Chippy—Have you got three hours to spare?

"Lor, no!"

"Then I shouldn't have time to tell you."—Half-Holiday.

TO OUR FARMER FRIENDS.

Clarksville, Tenn., Nov. 5, 1904. This crop of tobacco bids fair to be of better quality than the last one, and it is undoubtedly a short crop in quantity, and we wish to go on record as predicting BETTER PRICES than last season. If you will put your tobacco on the open market for sale, either LOOSE or PRIZED, it will go far towards solving the trust proposition. The private sale is mainly what is ruining prices. Sell your tobacco where the whole world can have a chance to buy it, and you will undoubtedly realize better prices.

Assort and order your tobacco well and put it on the Loose Floor and we will get you full prices. Liberal advances made on consignments. Free quarters for men and teams within the warehouse.

Thanking you for your patronage, we are, Your friends,

Buckner & West.

The new and enterprising coal firm of Buckner & West are advertising their celebrated Rose Creek coal in the Kentuckian and assure the public that they are handling one of the very best coals on the market. They are building up a large trade and will be glad to see their friends at 33th and Railroad streets. Call by either phone.

Schools Take Holiday.

The Public Schools, Bethel College and South Kentucky College all adjourned yesterday for the rest of the week. Nearly all of the boarding pupils are spending Thanksgiving at their homes.

Mr. Armistead Resigns.

Rev. Jos. D. Armistead, pastor of the Woodlawn Street Christian Church, Nashville, has resigned to take effect January 1st. He has received a call to a Kentucky church, which he will in all probability accept.

Turkeys are Turkeys.

Turkeys began coming in for Thanksgiving a day or two ago and are plentiful at 12 and a half cents per pound on foot. They are 15 cents dressed.

In Honor of the Bride.

Mrs. Joe F. Garnett will entertain Tuesday afternoon from 2 to 4, in honor of Mrs. Holland Garnett, at Woodlawn, her country home.

Matinee This Afternoon.

The Howard Stock Company which will hold the boards here three nights, will make their first appearance at the opera house this afternoon in a matinee at 2:30. This will be a special Thanksgiving matinee, when the amusing society comedy, "Niobe," will be presented. Tonight the company will present "Down on the Farm," a four act drama of life in New England. Miss Howard, the leading lady, is one of the best emotional actresses on the stage today and the company is a very strong one.

Mr. Forest Zimmer, formerly of Hopkinsville, is the leading character in the plays to be presented here, and it is safe to predict that large crowds will attend each performance. Remember the engagement here embraces a matinee this afternoon and a play tonight, tomorrow night, and Saturday night. Popular prices will prevail.

Farm Hands Fight.

John Southall and Gus Johnson, colored farm hands at work for Mr. E. D. Jones, near Church Hill, engaged in a "scrap" Tuesday morning and both men were badly hurt.

The trouble started over the question of which should hitch up one of the mules.

Southall was hit on the head with a stick and his skull was fractured. This ended the fight for a time, but, when they reached a point near the house, the trouble was renewed and Johnson was struck in the face with a lamp of coal. Several of Johnson's teeth were knocked out.

Euchre Party.

Mrs. H. M. Frankel and Mrs. Preston Thomas entertained at euchre Tuesday afternoon at Mrs. Frankel's. Mrs. Dixon W. Kitchen and Mrs. Herbert L. McPherson won the club and guest prizes. Delightful refreshments were served.

Hopper & Kitchen.

The holiday trade has already been opened by Hopper & Kitchen, who have something to say in today's Kentuckian about their fine display of new goods, just placed upon the counters. They carry almost anything wanted in seasonable novelties and a visit to the city is a failure unless you call and look through their handsome stock.
